Thanks, we didn't fit the water treatment plant in ultimately.

Libby

Sorry I didn't get back to you. I texted the info to David Friday AM ~0630

Hi Bob,

Left you a voicemail as well. I'm assuming your aware of the adit blow out that EPA had at the Gold King mine in Silverton? The RA is coming down to Durango this morning to meet with local officials and wants to tour the Water Treatment plant. He wants the State to either be included or at least be aware to make sure there's not concerns. I'm trying to determine who is in Durango that's from the State. David told me to reach out to you because you have a State counterpart? Is that correct? If so, can we alert them.

Thanks, Libby
